

**“WIDE RACK” OUTFITTERS WOUNDING & BUCK SIZE  
POLICY**

1. You are expected to take only ethical shots. Deer position & your effective shooting range should always be considered by you to ensure a quick, clean, & ethical harvest.
2. Any deer that you mortally wound & that is not recovered after an extensive search will result in an additional **\$500.00 fee to allow your hunt to continue.**
3. Any second deer mortally wounded by you and not recovered after an extensive search will result in an additional **\$500.00, and your hunt is over.**
4. You are expected to harvest a buck that will score at least **120 Pope & Young** (gross.) Here at the “Wide Rack” this is usually a buck that has antlers as wide as his ears, with at least 8 points. We will help you if you do not understand the Pope & Young, (P&Y)scoring system.
5. If you harvest a buck that scores less than the 120 P&Y minimum you will be required to pay an additional **\$500.00 Little Buck Fee.**
6. The Little Buck Fee is not to promote anything other than to ensure we let the Little Bucks grow up to be the Trophies you are after here at the “Wide Rack”.
7. **All decisions to invoke the above polices will be at the sole discretion of Mike Connett.**

I agree to the above polices.
